51. discountDates.json

52. gallery.json

53. photographers.json

55. skills.json

## Uvod:

### Tehnologije:

Korišćeni jezik: JavaScript

Korišćene biblioteke: jQuery, Bootstrap

Korišćeno okruženje: Visual Studio Code

Dodatno: HTML5, CSS3, JSON, AJAX, Local Storage, Regular Expressions, XML, jQuery plug-in

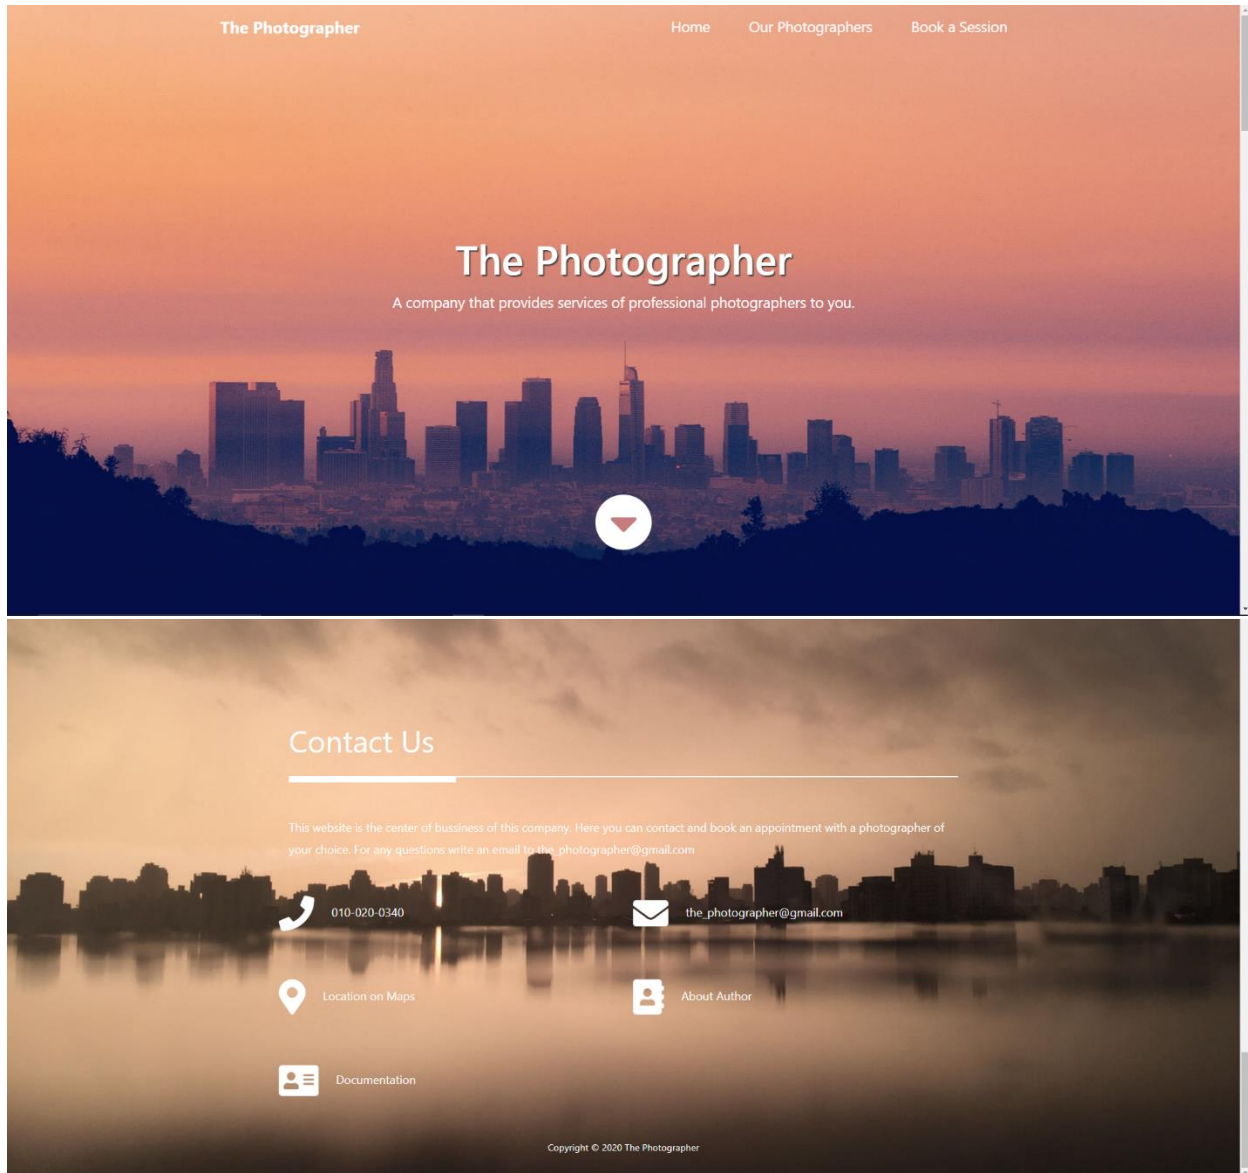

### Opis funkcionalnosti:

Ovaj projekat simulira web sajt na kome se može rezervisati termin za fotografisanje. Velika većina sadržaja na sajtu je dinamički ispisana i sadržaj za ispisivanje se nalazi u JSON fajlovima koji se pozivaju koristeći AJAX.

Sajt sadrži listu fotografija koja je dinamički ispisana, sa galerijom njihovih slika, početnu stranu na kojoj se nalaze osnovni podatci i na kojoj je postavljen jQuery plug-in, stranicu o autoru na kojoj se nalazi slajder u kome su ispisane veštine i stranicu sa formom za zakazivanje termina koja koristi RegEx da proveriti ispravnost unetih informacija koje, ako su ispravno ili neispravno unete bivaju označene odgovorajućom bojom ili tekstom upozorenja. Klikom na Submit, proverava se da li je sve ispravno i ako jeste korisnik se šalje na stranicu na kojoj se potvrđuje kraj ovog procesa. Cena se proračunava zavisno od izabranih opcija i čuva se u Local Storage da bi se kasnije prikazala korisniku na ovoj poslednjoj stranici.

## Template:

Za izradu sajta korišćen je template. Ovde možete videti slike osnovnih elemenata koji se ponavljaju, a koji su dobijeni uz template (header i footer), i ostalih.

# The Photographer - Documentation

The Photographer

Home

Our Photographers

Book a Session

## Introduction

The **Photographer** is a company of photographers who have united to make it easier for people to access their services.

If you are in need of our skills and knowledge feel free to contact us and check out our employees to see examples of their work.

[See Our Staff](#)

### Organised Trips

We regularly organise trips around the world to amazing locations for photography. All involved are encouraged to improve their photography skills while travelling.

### Community

We are constantly working on expanding our community and educating people in the art of photography. We are ready to accept all skilled photographers into our company.

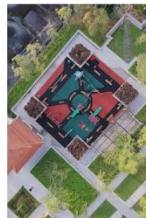

### Special Discounts

We give special discount on Holidays and special events throughout the year and also, our returning customers get a 10% discount on all.

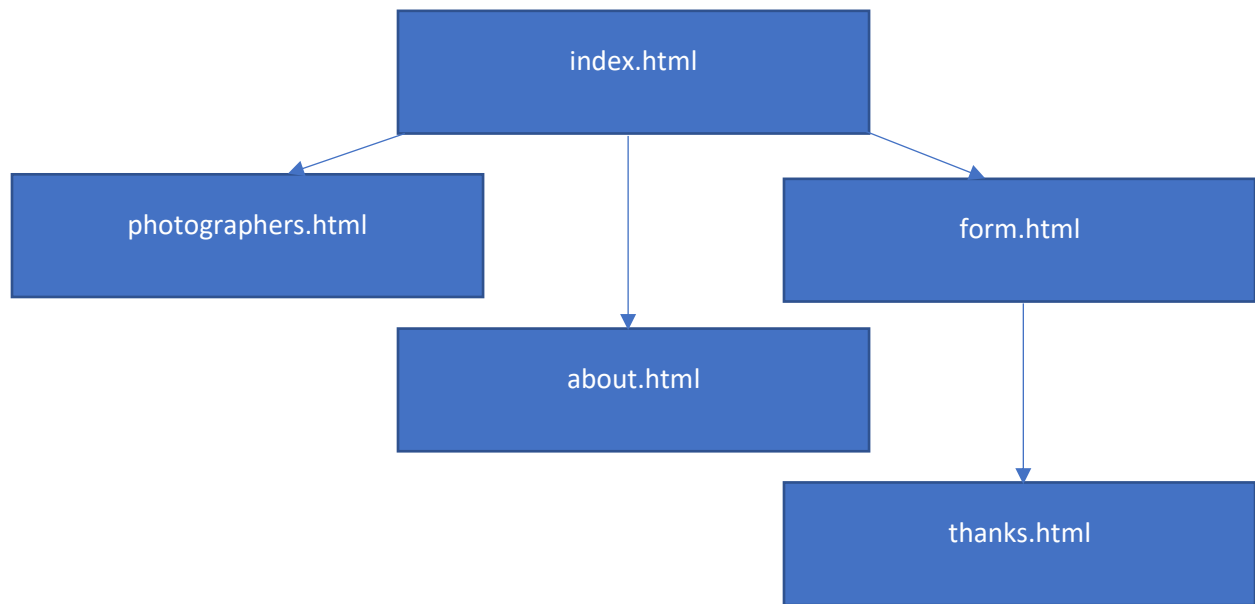

## Our Work

Here are some of the images our photographers have taken on their trips around the world.

```

## Opis stranica i funkcionalnosti:

### Početna strana – index.html

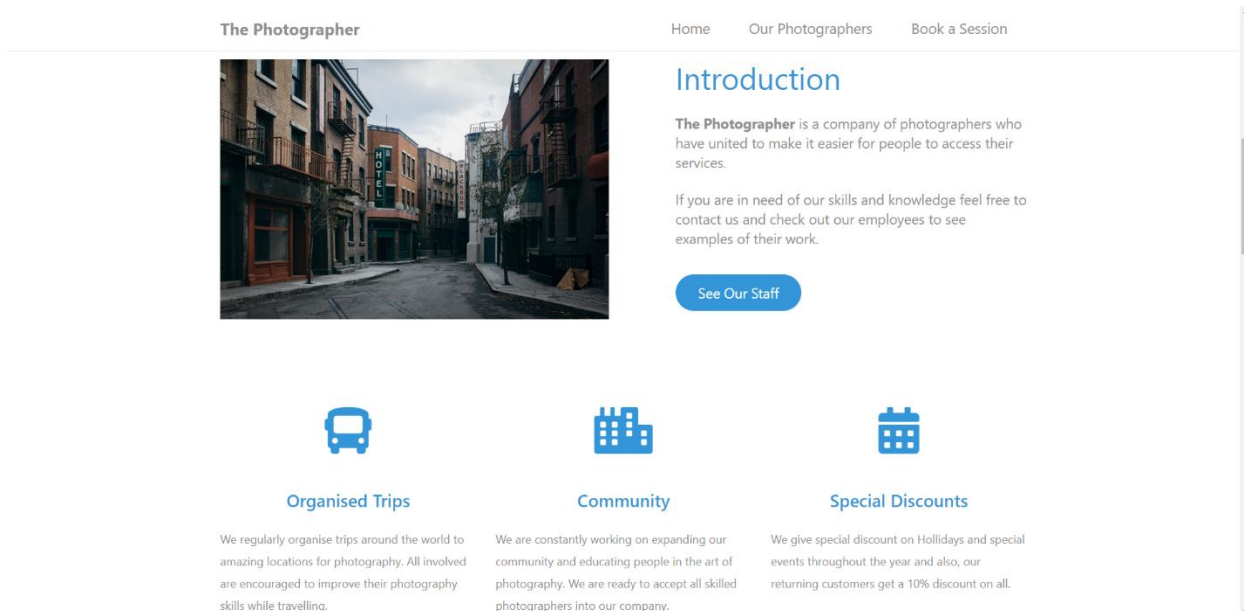

Sadrži header i fiksni meni koje sadrži i svaka druga strana, naslov i strelicu koja automatski, pri kliku izvrši scroll na sledeći element stranice, kao i footer koji ima većina strana, u kome su dinamički ispisani linkovi i kontakt informacije.

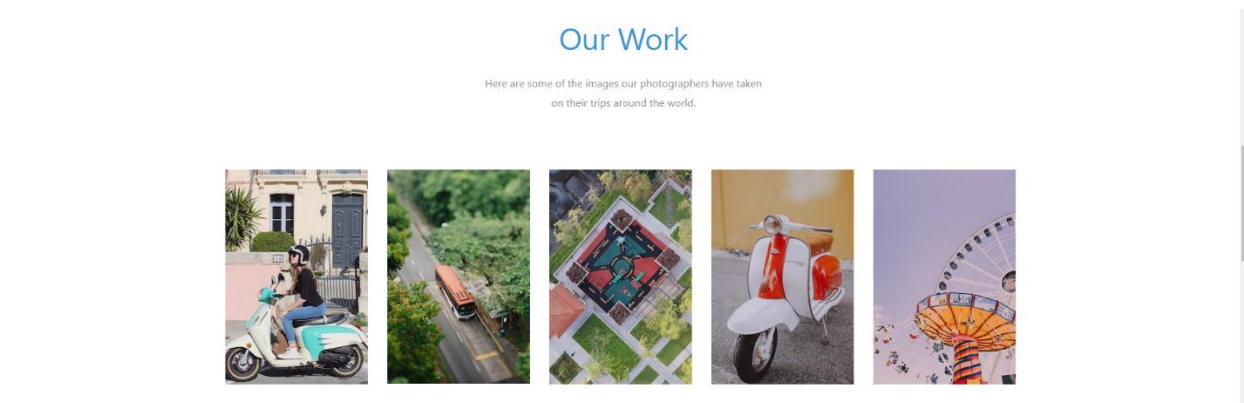

## Početna stranica sadrži i sledeće sadržaje:

Introduction sa informacijama o sajtu i ispod dinamički ispisane dodatne informacije o kompaniji.

Dinamički ispisanu galeriju sa slikama.

jQuery plug-in sa slikama i imenima fotografa koji može da se skroluje levo ili desno.

## Photographers – photographers.html

### Miley

#### An expert *portrait* photographer

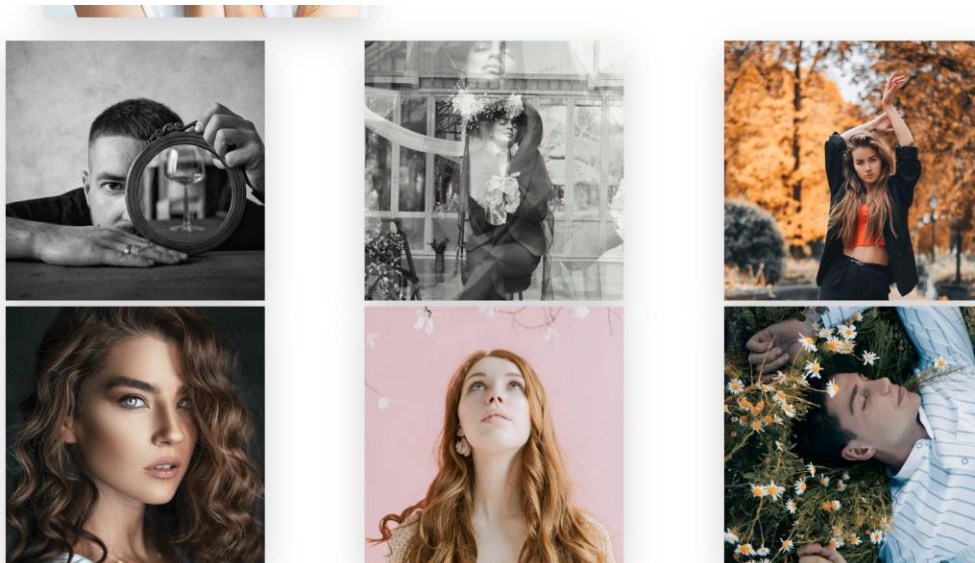

Miley has been working as a portrait photographer for five years and has developed a great relationship with her clients.

With her expertise you will look your best on all the images taken with her newest equipment and high expertise.

100

Na ovoj stranici se nalaze svi fotografi i informacije o njima koje su dinamički ispisane i za svakog od njih može se otvoriti galerija koja sadrži dinamički ipisanu grupu slika za svakog fotografa (primeri njihovog rada).

Ova stranica sadrži formu za zakazivanje termina sa fotografom. Na njoj su elementi koje korisnik treba da popuni informacijama. Format i ispravnost svega što korisnik unese u formu se proverava korišćenjem regularnih izraza i korisniku se daje do znanja da li je ono što je uneo ispravno i po kojim pravilima treba da unese kako bi bilo validno.

Da bi korisnik mogao da izvrši submit forme mora da popuni sva polja ispravno. Kada se to dogodi korisnik će biti prosleđen na sledeću stranicu na kojoj je potvrda da je radnja obavljena (thanks.html).

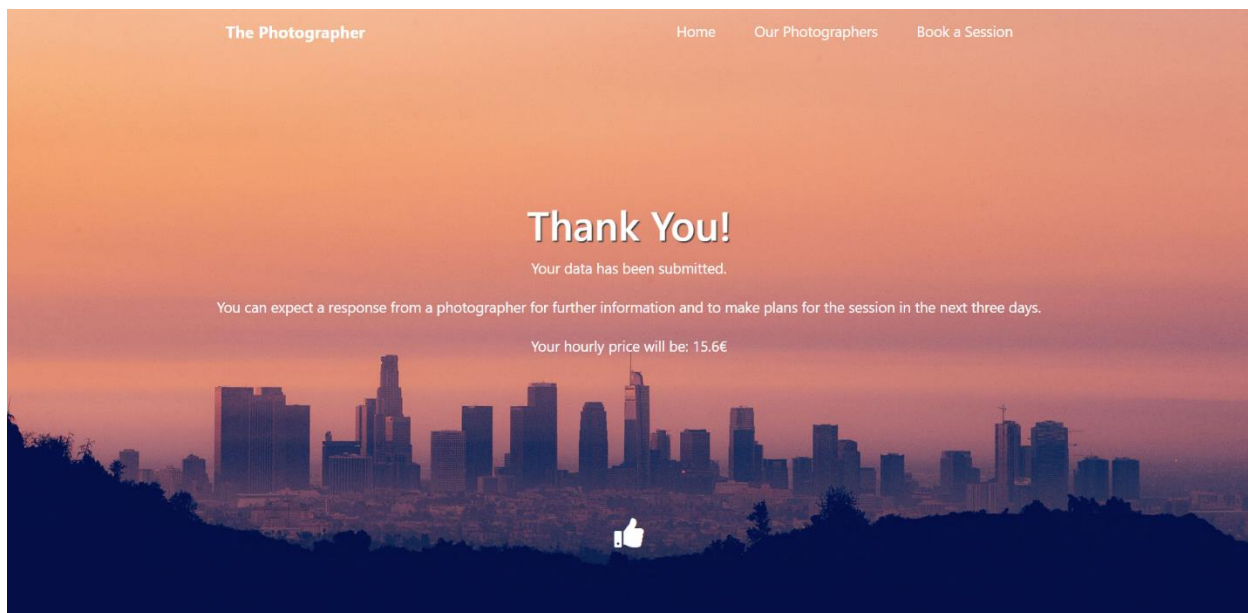

Za određene periode u godini su namenjeni popusti. Ukoliko je trenutni datum u okviru datuma nekog od tih popusta, na vrhu stranice će biti ispisane informacije o istom.

Cena je drugačija za svakog fotografa i izborom fotografa se proračunava cena. Na nju utiču popust, da li je korisnik izabrao da ostavi bakšiš i koji fotograf je izabran.

Kada se izvrši submit forme cena se pamti u Local Storage i prosleđuje stranici thanks.html koja je ponovo prikazuje kao konačnu cenu za korisnika.

Stranica za potvrdu zakazivanja – thanks.html

Ova stranica potvrđuje da je predaja podataka iz forme uspešno izvršena i prikazuje očekivanu cenu koja je preuzeta iz Local Storage-a.

## About author page – about.html

79/18

**I am Nemanja Kašanov,**

A third year student at the **College of Information and Communication Technologies** at the university of Belgrade, Serbia. I am studying at the Internet Technologies program and my focus is on Web Development.

My Skills:

---

HTML  
CSS  
Bootstrap

◀ ▶

Na stranici o autoru se nalaze informacije o autoru i slajder sa veštinama koja se automatski menjaju na svakih 5 sekundi ili korisnik može da ih promeni klikom na jednu od strelica.
